HOSPITALITY LCD TELEVISION

MODEL NO.:
LHDN32V68HUS

USER'S MANUAL

Before using the TV, Please read this manual
thoroughly, and retain it for future reference.

English

Important to user

> FCC Statement

NOTE:

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority.

NOTE:

This equipment has been tested and found to comply with the limits for a class B digital Device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio Communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and the receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

Important safety precautions

Safeguards

The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of un-insulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

CAUTION
RISK OF ELECTRIC SHOCK
DO NOT OPEN!

TO REDUCE THE RISK OF AN ELECTRIC SHOCK, DO NOT REMOVE THE COVER (OR BACK). THERE ARE NO USER SERVICEABLE PARTS INSIDE. FOR ANY REQUIRED SERVICING, PLEASE CONTACT QUALIFIED SERVICE PERSONNEL.

Important safety instructions

CAUTION:

USE OF ANY CONTROLS, ADJUSTMENTS, OR PROCEDURES OTHER THAN THOSE SPECIFIED HEREIN MAY RESULT IN HAZARDOUS RADIATION EXPOSURE.

CAUTION:

These servicing instructions are for use by qualified service personnel only. To reduce the risk of electric shock, do not perform any servicing other than that contained in the operating instructions unless you are qualified to do so. Refer to service manual for servicing instructions.

Important safety instructions

1. Read these instructions
2. Keep these instructions
3. Heed all warnings
4. Follow all instructions
5. Do not use this apparatus near water
6. Clean only with dry cloth
7. Do not block any ventilation openings
8. Do not install near any heat sources
9. Do not defeat the safety purpose of the polarized or grounding-type plug
10. Protect the power cord from being damaged particularly at plugs, convenience receptacles, and at points in which they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
12. Use only with cart, stand, tripod, bracket, or table specified by the manufacturer or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
13. Unplug this apparatus during lightning storms or when unused for long periods of time.

Important safety precautions

Safeguards

14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as when the power-supply cord or plug is damaged, when liquid has been spilled or when objects have fallen into the apparatus, or when the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

S3126A

15. POWER SOURCE: This TV should be operated only from the type of power source indicated on the marking label. If you are not sure of the type of power supply to your home, consult your appliance dealer or local power company . For TVs intended to operate from battery power, or other sources, refer to the operating instructions.

16. POWER CORD PROTECTION: Power-supply cords should be routed so that they are not likely to be walked on or pinched by items placed upon or against them, paying particular attention to cords at plugs, convenience receptacles, and the point where they exit from the appliance.

17. OUTDOOR ANTENNA GROUNDING : If an outside antenna or cable system is connected to the TV, be sure the antenna or cable system is grounded to provide some protection against voltage surges and built-up static charges.

Section 810 of the National Electrical Code, ANSI/NFPA NO.70, provides information with respect to proper grounding of the mast and supporting structure, grounding of the lead-in wire to an antenna discharge unit , size of grounding conductors, location of antenna discharge unit, connection to grounding electrodes, and requirements for the grounding electrode. (Fig.A)

FIGURE A

18. LIGHTNING: For added protection for this TV receiver during a lightning storm, or when it is left unattended and unused for long periods of time, unplug it from the wall outlet and disconnect the antenna or cable system. This will prevent damage to the TV due to lightning and power line surges.

19. POWER LINES: An outside antenna system should not be located in the vicinity of overhead power lines, or other electric light or power circuits, or where it can fall into such power lines or circuits. When installing an outside antenna system, extreme care should be taken to keep from touching such power lines or circuits as contact with them might be fatal.

Important safety precautions

Safeguards

20. OVERLOADING: Do not overload wall outlets and extension cords as this can result in a risk of fire or electric shock.
21. OUTDOOR USE: Do not install this TV outdoor. If the TV is exposed to rain, it may result in a fire or an electric shock. If the TV is exposed to direct sunlight, the TV may heat up and cause damage to the TV.
22. VEHICLE: Do not install the TV in a vehicle. Bumping of the vehicle may cause the TV to fall down and cause injury.
23. SHIP AND VESSEL: Do not install this TV in a ship or vessel. If the TV is exposed to seawater, it may cause a fire or damage the TV.
24. OBJECT AND LIQUID ENTRY: Never push objects of any kind into this TV through openings as they may touch dangerous voltage points or short out parts that could result in fire or electric shock. Never spill liquid of any kind into the TV.
25. SERVICING: Do not attempt to service this TV yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Refer all servicing to qualified service personnel.
26. REPLACEMENT PARTS: When replacement parts are required, be sure that the service technician uses replacement parts with the same characteristics as the original parts specified by the manufacturer. Unauthorized substitutions may result in fire, electric shock, injury to persons or other hazards.
27. SAFETY CHECK: Upon completion of any service or repairs to this TV, ask the service technician to perform routine safety checks to determine that the TV is in proper operating condition.
28. The apparatus should not be exposed to any dripping or splashing, and no objects filled with liquids (such as a vase) should be placed on the apparatus.
29. WARNING: Plug the power cord into a power outlet where access to the power cord connector is readily accessible, in case if the power needs to be immediately disconnected.
30. ATTENTION: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
 - a). Disposal of packaging: The packaging of this product is intended to be recycled. Apply to the local authorities for correct disposal.
 - b). Disposal of batteries: The batteries supplied do not contain the heavy metals mercury and cadmium. Please check on how to dispose exhausted batteries according to local regulations.
 - c). Note Specifications and information are subject to change without notice. If you need further assistance, please call the customer support service in your country.

Setting Up

➤ Wall mount

Wall mount specifications

Install your wall mount on a solid wall perpendicular to the floor. When attaching to other building materials, please contact your nearest dealer. If installed on a ceiling or slanted wall, it may fall and result in severe personal injury.

- Dimensions for wall mount kits and wall-mount screws pattern please refer specifications table.
- Do not use screws longer than the standard dimension, as they may cause damage to the inside of the TV set.
- For wall mounts that do not comply with the VESA standard screw specifications, the length of the screws may differ depending on their specifications.
- Do not use screws that do not comply with the VESA standard screw specifications.
- Do not fasten the screws too strongly, this may damage the product or cause the product to fall, leading to personal injury.
- Manufacturer is not liable for product damage or personal injury when a non-VESA or non-specified wall mount is used or the consumer fails to follow the product installation instructions.
- Do not exceed 15 degrees tilt when mounting this TV.

Installing the Stand

1. Lay a cloth or another soft material on a flat surface to avoid damage to the LCD screen.
2. Put the TV back upward and the LCD screen downward and keep it flat on the table-board.
3. Take out the stand and insert the stand into the installing slot in the lower part of the TV, then put the stand to relevant position of the TV set until all the holes match each other completely.
4. Fasten the stand and the TV set together with the 4 screws provided. Erect the TV set, and put it on the proper position for watching.

Note:

The above figures are for reference only, please refer to the actual units to determine the appearances. Every hole of the stand must be fastened with screws!

Setting Up

➤ Wall mount

Attaching The TV To A Desk

Here shown may be somewhat different from your TV.

The TV must be attached to desk so it cannot be pulled in a forward/backward direction, potentially causing injury or damaging the product.

Screws-M5×L (table depth + 8~10mm)
Example: Table depth-15mm: Screws-M5×25

Setting Up

➤ Well mount

When Installing the TV Against a Wall or Enclosed Area

Make sure that your TV has adequate air circulation. Allow enough space around the TV as shown below. Avoid operating the TV at temperatures below Inadequate air 45° F (5 °C).

Installed with stand

Leave at least this much space around the set.

Installed on the wall

Never install the TV set as follows:

Air circulation is blocked.

Air circulation is blocked.

Inadequate air circulation can lead to overheating of the TV and may cause damage to your TV or cause a fire.

Setting Up

➤ TV Front

TV Front

No.	Component	Component Description
1	Standby button	Press to turn on your TV. Press again to put your TV in standby mode.
2	POWER Indicator	Red light indicates standby mode. Flashing led shows the unit is powering on.
3	Remote sensor	Receives signals from the remote control. Do not block.
4	CH▼	Press to go to the previous channel.
5	CH▲	Press to go to the next channel.
6	VOL▼	Press to decrease the volume.
7	VOL▲	Press to increase the volume.
8	INPUT	Press to select the video input source.
9	MENU	Press to activate the on-screen display (OSD).

Setting Up

➤ TV Rear

TV Rear

Setting Up

➤ Connect to other devices

Warning: Before connecting the TV to any other electronic device, unplug the TV and electronic device AC cords from the AC input.

Note: Not all following terminals are included on your TV. The actual one refer to "TV Rear".

1. Connect to broadcast antenna or the cable TV

To have an optimal picture quality, it is strongly recommended to have an external antenna or a cable TV.

Note:

- It is recommended that coaxial cable (75Ω) be used to eliminate the interference caused by the mismatched impedance.
- The antenna cable should not be bound together with the power cord.
- When using the cable TV, please insert the plug of the coaxial cable (75Ω) directly into the antenna outlet.

2. Connect to AV devices

- Connect a Video RCA or S-VIDEO cable to an appropriate external A/V device such as a VCR, DVD or Camcorder.
- Connect RCA audio cables to "R -AUDIO - L" and Video/S-Video on your set and the other ends to corresponding audio and Video/S-Video out connectors on the A/V device.

Note: For some sets the audio of S-Video share with AV.

Setting Up

Connect to other devices

3. Connecting Component Devices (DVD, DVR (digital video recorder), Blu-Ray) Component video(Y, Pb, Pr)transmits video as separate Y, Pb, Pr signals. Use this connection for high-definition video signals from a DVD or other equipment.
- Connect Component video and audio cables to Component inputs ("PR/CR", "PB/CB", "Y") of your set and the other ends to corresponding component video out connectors on the PVR or DVD.
 - The "Y, PB/CB and PR/CR" connectors on your component devices ((DVD, DVR (digital video recorder), Blu-Ray) are sometimes labeled Y, B-Y and R-Y or Y, CB and CR. (Colors for inputs and cables must correspond on both devices.)

4. Connect to devices with HDMI interface

HDMI: High Definition Multimedia Interface

HDMI transmits an all-digital signal and is the recommended choice for playback from a digital DVD or DVR. No sound connection is needed for HDMI to HDMI connection.

- HDMI cable connected to the HDMI connector on the TV.

5. Digital audio output.

Connect an digital audio device to this jack (coaxial).

Note: DTV and HDMI output only. Digital audio type will vary by model. Please refer to actual TV and audio set to determine exact cable requirements.

Setting Up

➤ Connect to other devices

6. Connect to PC

- Connect the D-Sub cable to "VGA" on the rear of your set and the other end to the Video Card of your computer.
- Connect the stereo audio cable to "PC AUDIO" on the rear of your set and the other end to "Audio Out" of the sound card on your computer.

Note: For some sets "PC AUDIO" share with component.

7. Connect to headphone

- Connect the headphone jack of the TV set.
The volume of the headphone is automatically adjusted with the main volume of the TV set.

Using the remote Control

➤ Installing batteries

Installing the remote control batteries

1. Open the battery cover on the back of the remote control.
2. Install two AAA size(1.5V) batteries. Match the "+" and "-" signs on the batteries to the signs on the battery compartment.
3. Close the battery cover.

Note:

1. Dispose of your batteries in a designated disposal area. Do not throw the batteries into fire.
2. Do not mix battery types or combine used batteries with new ones.
3. Remove depleted batteries immediately to prevent battery acid from leaking into the battery compartment.
4. If you do not intend to use the remote control for a long time, remove the batteries.
5. The effective range of remote control is suggested below.

Remote control range

1. The remote control distance: 8 meters(26.2 feet) in front of the TV set.
2. The remote control angle: taking the television Infrared light receiver window as an apex, 6 meters (19.7 feet) away, its controlled angle (left to right) is within 30 degrees, while the vertical angle (up to down) is within 30 degrees.

Using the Remote Control

➤ Learning about the remote control panel □

Remote Control Panel	Buttons instructions

Follow the steps illustrated in the OSD. (23) NOT supported in this TV.</p> <p>Note: The design of the remote control is subject to change and may be different from the actual one. Those buttons without comment have no relations with this TV.</p>

Using the Remote Control

Basic Operation

Power ON/OFF

1. Connect the TV to a power outlet. If the power indicator is red, it means that the TV is switched off. Press the Power button on the front control or on the remote control to switch on the TV. Once the Power button is switched on, the power indicator will be displayed as blue. Several seconds later, the TV picture will be displayed on the screen.
2. Press the Power button on the front control or on the remote control to turn the TV off temporarily.
3. Always remove the AC power plug from the outlet when not using this TV for a long period of time.

Signal source selection

Press the [INPUT] button to select TV, AV, S-Video, Component, VGA and HDMI inputs. There are two ways to select the source: One is to press the [INPUT] button continuously, while the other is to use the [ARROW] and [ENTER] buttons to confirm the source.

Select channels

Please use [CHΔ / CHV] button on the remote panel to select channels. [CHΔ] indicates channel number up; [CHV] indicates channel number down. Press [CHΔ / ChV] button on the side panel of the TV to select the channels. If you want to choose any of the skipped channels, press the number directly.

Use [Mute] button

Press the [Mute] button to mute the sound. Press the [Mute] button again to resume the sound.

Select picture modes

Press the [PICTURE] button to select the picture mode from four options: Standard, Cinema, User or Vivid. You can adjust the picture mode based upon your personal preference.

Select sound modes

Press the [AUDIO] button to select sound modes from Standard, Speech, User or Music.

Select screen modes

Press the [ASPECT] button to select from five zoom modes: Wide, Normal, Zoom, Cinema or Dot-to-Dot.

Use [GUIDE] button

Press the [GUIDE] button to display features of the ATSC program and the EPG function.

Use [DISPLAY] button

Press the [DISPLAY] button to view current source information.

Use [EXIT] button

Press the [EXIT] button to exit the OSD menu.

Using the Remote Control

Select channels by numbers

To select a channel: Press the channel number you would like to go to. For example, to select channel number 120, press buttons 1, 2 and 0, respectively and then press [ENTER] to confirm.

Use [MENU] button

Press the [MENU] button to display the TV OSD menu.

Use [LAST] button

Press the [LAST] button to return to the previous channel.

Use [ENTER] button

Press the [ENTER] button to select a particular item.

Adjust Volume

Press [VOL\ / VOL\] button to adjust the volume.

Use [CCD] button

Press the [CCD] button to change the CCD mode. Using this button will set the Closed Caption mode when viewing a DTV or TV channel.

Note: Set the default Closed Caption setting for all channels in the Menu. For ATV the options are CC1, CC2, CC3, CC4, TEXT1, TEXT2, TEXT3, TEXT4 or Off. For DTV, the options are from Service1 to Service6 or Off.

Use [MTS/SAP] button

Press the [MTS/SAP] button to change the sound mode (Mono, Stereo, SAP). This button will select the MTS options of Stereo, SAP, or Mono in TV mode, alternate audio channels, and when available, in DTV mode.

Use [SLEEP] button

Press the [SLEEP] button repeatedly to set the sleep time, which can be set to: 10 Mins, 20 Mins, 30 Mins, 40 Mins, 50 Mins, 60 Mins, 90 Mins, 120 Mins or Off.

Use [TIME] button

Press the [TIME] button to display the current time.

Changing the TV Settings

Using the Channel Menu

- 1 Press [MENU] button to display the main menu.
- 2 Press [Δ/∇] button to select TV item.
- 3 Press [\triangleright/OK] button to enter TV menu.
- 4 Press [Δ/∇] button to select the option, press [\triangleright/OK] button to enter or press [$\triangleleft/\triangleright$] button to adjust the option.
- 5 Press the [Menu] button to close the menu.

You can adjust:

- Tuner Mode - Select the TV signal source. You can select Antenna or Cable.
- Channel Scan - Scans for channels that have signals and stores the channels information in memory.
- Channel Skip - Deletes a channel stored in memory. When you press CHA or CHV, your TV skips the channel you deleted. You can still tune to the channel using the number buttons on the remote control.
- MTS - Selects the sound mode. You can select Mono, Stereo, or SAP(Second Audio Program)
- Audio Language - Selects the audio language for a program.

Changing the TV Settings

Using the Video Menu

- 1 Press [MENU] button to display the main menu.
- 2 Press [Δ/∇] button to select Video item.
- 3 Press [\triangleright/OK] button to enter Video menu.
- 4 Press [Δ/∇] button to select the option, press [\triangleright/OK] button to enter or press [$\blacktriangleleft/\triangleright$] button to adjust the option.
- 5 Press the [Menu] button to close the menu.

You can adjust:

- Picture Mode - Adjusts the Picture Mode. You can select Standard, Cinema, User or Vivid.
- Brightness - You can increase or decrease the brightness of the picture. Increasing the brightness can add more light to dark areas of the picture, while decreasing the brightness can add more darkness to light areas of the picture.
- Contrast - You can increase or decrease the contrast of the picture. Increase the contrast to adjust the white areas of the picture or decrease the contrast to adjust the black areas of the picture.
- Saturation - Adjusts the intensity of the colors.
- Sharpness - You can increase the sharpness level for clearer images or decrease the sharpness level for smoother images.
- Color temperature - Changes the color temperature. You can select the color temperature from three options: Cool, Standard or Warm.
- Advanced Video - Accesses advanced video settings such as DNR, Adaptive Luma Control, Flesh Tone

- ◇DNR: It can optimize the picture signal from time and space; reduce the outside noise interference and return the pure initial signal. It has four ratings: Low, Standard, Strong and Off.
- ◇Adaptive Luma Control: According to the content of picture, it can adjust brightness automatically.
- ◇Flesh Tone: When this feature is "on" state, the TV could be the basis of image content, for color correction.

Changing the TV Settings

➤ Using the Audio Menu

- 1 Press [MENU] button to display the main menu.
- 2 Press [**▲/▼**] button to select Audio item.
- 3 Press [**▶/OK**] button to enter Audio menu.
- 4 Press [**▲/▼**] button to select the option, press [**▶/OK**] button to enter or press [**◀/▶**] button to adjust the option.
- 5 Press the [Menu] button to close the menu.

The options are:

- Balance - Adjusts the volume of the left and right speakers.
- Surround Sound - Turns the surround sound effect on or off.
- SPDIF Type - Selects the SPDIF type. You can select PCM, Dolby Digital or Off.
- Auto Volume Control - Turns automatic volume control on or off. The option keeps the audio in a preset range to eliminate large spikes in volume.

Note: Via SPDIF Type, you can choose the digital audio out type. If Audio Volume Control is On, that means audio out control is activated.

Changing the TV Settings

➤ Using the Setup Menu

- 1 Press [MENU] button to display the main menu.
- 2 Press [Δ / ∇] button to select Setup item.
- 3 Press [\triangleright /OK] button to enter Setup menu.
- 4 Press [Δ / ∇] button to select the option, press [\triangleright /OK] button to enter or press [\blacktriangleleft / \triangleright] button to adjust the option.
- 5 Press the [Menu] button to close the menu.

- OSD Language - Use the right or left arrow button to choose the OSD Language among English, Spanish and French.
- OSD Timeout - Set OSD display time
- DPMS - This is a good function for a computer monitor. When DPMS is on, the computer will control the screen on or off. For example, if the computer is in sleep mode, the screen will be switched off. If the computer is activated, the screen also is activated.
- Time Setup - You can set up the exact time by yourself. You can also set up Sleeper Time and Auto Sleep Time.
- Caption: There are three items in it - Analog Closed Caption, Digital Closed Caption and Digital Caption Style.
 - Analog Closed Caption: CC1, CC2, CC3, CC4, TEXT1, TEXT2, TEXT3, TEXT4.
 - Digital Closed Caption: Service1, Service2, Service3, Service4, Service5, Service6.
 - Digital Caption Style: There are two Caption Styles. One is the automatic function set as the broadcaster, while the other is the custom style where you can adjust the font size, color, opacity, background color etc., accordingly.
- Reset Default - Every TV has its original setting before leaving the factory. So this function helps you restore these settings.

Changing the TV Settings

Using the Parental Menu

- 1 Press [MENU] button to display the main menu.
- 2 Press [Δ/∇] button to select Parental item.
- 3 Press [\triangleright/OK] button to enter Parental menu.
- 4 Press [Δ/∇] button to select the option, press [\triangleright/OK] button to enter or press [$\blacktriangleleft/\triangleright$] button to adjust the option.
- 5 Press the [Menu] button to close the menu.

When you first use this function, the default password is [0000].

Once you input this password, you can: Press Δ/∇ to highlight an option, then press $\blacktriangleleft/\triangleright$ to adjust the option. You can adjust:

- Change Password - The first time you use this function, use the default password. If you want to change it, first enter the new password then enter the same password again.
- Channel Block - This function will let you block any channel you want.
- Input Block - You can block the input source with this function. For example, if you want to block AV input, just highlight [AV] and press [ENTER]. The AV input will not be seen in the screen.
- Clean All - This function will let you clean all the channels stored on this TV.
- Note: If you choose this function, all the programs you preset will be lost.
- Program Block-A. Rating Enable is on

B. U.S. TV Ratings: You can choose TV ratings according to the illustration on the screen.
C. The settings for U.S. Movie Ratings, Canada (English) Ratings and Canada (French)

Ratings follow Step B.

If you want to block the unrated program, please turn on this function.

Following is the description of these ratings.

Age	Defined as
TV-Y	All children
TV-Y7	Directed to older children
TV-G	General audience
TV-PG	Parental Guidance suggested
TV-14	Parents Strongly cautioned
TV-MA	Mature Audience only

Contents	Defined as
FV	Fantasy Violence
D	Suggestive dialogue
L	Strong language
S	Sexual situations
V	Violence

Changing the TV Settings

➤ Using the Parental Menu

Rating	Defined as
G	General audience
PG	Parental Guidance suggested
PG-13	Parents strongly cautioned
R	Restricted
NC-17	No one 17 and under admitted
X	Adult audience only

About Canada (French)

Rating	Description
G	General
8 ans+	8+General; Not recommended for young children
13 ans+	Programming may not be suitable for children under the age of 13
16 ans+	Programming is not be suitable for children under the age of 16
18 ans+	Programming restricted to adults

About Canada (English)

Rating	Description
C	Children
C8+	Children eight years and older
G	General Programming, suitable for all audiences
PG	Parents Guidance
14+	Viewers 14 years and older
18+	Adult programming

NOTE: As you block rating, all rating higher than the ones you select are blocked as well. For example, if you choose to block the MPAA rating R, the higher ratings, NC-17 and X, are automatically blocked too .

Hotel Menu Description

➤ Hotel Menu Description

Follow "MENU" → "AUDIO" → "BALANCE (setting is 0)" ,Input "548" by remote control to open hotel menu.

1. Use UP/DOWN arrow button on remote control to select hotel menu function.
2. Use LEFT/RIGHT arrow button on remote control to change setting.
3. Use OK button on remote control to confirm setting.
4. Use EXIT button on remote control to exit hotel menu.

Following content is description of every function in Hotel menu. Please refer to above picture.

1. Restore

Function: Clone the desired TV setting from the USB flash driver to this TV.

1. Turn a new TV on and insert the USB flash driver ,with "HOTEL.bin" file in ,to service port on the TV.
2. Use UP/DOWN arrow button to highlight "Restore" and press OK button to clone the setting. Hotel menu will exit automatically when finish restore.
3. Remove USB flash. Turn the TV off and Turn it on again to check the setting.

2. Clone

Function: Clone the desired TV setting from the USB flash driver to this TV.

1. Turn a new TV on and insert the USB flash driver ,with "HOTEL.bin" file in ,to service port on the TV.
2. Use UP/DOWN arrow button to highlight "Restore" and press OK button to clone the setting. Hotel menu will exit automatically when finish restore.
3. Remove USB flash. Turn the TV off and Turn it on again to check the setting.

Appendix

> Trouble shooting

When there is something wrong with your TV, you can try turning off the TV and then restart it. You can also operate according to the following chart. If the problem still cannot be solved, please contact the professional technicians.

Symptom	Remedy
• No sound or picture	1. Check if the power line is in the outlet and if it has electricity. 2. Check if you have pressed Power button on the TV or Power button on the remote control. 3. Check the setting of picture brightness and contrast. 4. Check the volume.
• The picture is normal, but there is no sound.	1. Check the volume. 2. Check if Mute mode is set.
• No picture and white or black picture.	1. Adjust Picture Setting. 2. Check Colour System.
• The sound and picture are interfered.	1. Try to find the appliance affecting TV set, and move it far away from the TV set. 2. Try to insert the power plug of the TV set into another outlet.
• Unclear picture or picture with snow	1. Check the direction, position and connection of your antenna. 2. Adjust the direction of your antenna or reset or fine tune the channel.
• The remote control does not work	1. Change the batteries in the remote control. 2. Clean the upper side of the remote control (radiating window) 3. Check the contacting points of the batteries. 4. Check if there is obstruction between the remote control and the monitor. 5. Check if the batteries are correctly installed.
• H/V strip or the picture shaking	Check if there is interfering source nearby, such as appliances or electric tools.
• The TV cabinet makes a "Clicking" sound	This happens due to room temperature change causing the television cabinet to expand or contract This is normal, and shouldn't cause alarm.
